

Cycle-Tracking Privacy Policy

Opt-in policy, consent and revocation workflow — player-controlled

Document ref	OWFC-WEL-007	Version	2.2
Effective	15 Jan 2026	Next review	15 Jan 2027
Owner	Welfare Lead	Classification	Internal — Controlled

1. Opt-in only

Cycle tracking at this club is opt-in only. No player is ever required, encouraged in performance reviews, or chased on the matter. Choice and timing are entirely the player's.

2. Consent & access

Consent is recorded in writing in the Lumio Cycle app at the moment a player opts in. Access is role-gated to the Club Doctor and Welfare Lead only. Coaching staff see availability flags only (e.g. modified-load recommendation) — never the underlying phase data.

3. Revocation & retention

Players can revoke consent at any time, from the same app, with no notice and no questions asked. On revocation, data is purged from the active view immediately and from backup snapshots within the standard 30-day window. The Welfare Lead is the data steward.

Approval & sign-off

Name	Role	Signed	Date
Nina Walsh	Welfare Lead	<i>signed</i>	15 Jan 2026
Dr Anna Reid	Club Doctor	<i>signed</i>	15 Jan 2026
