So excited about the racket assessment!

Coach AI briefing 06:42

- RACKETS** Mia Chen is one good serving session from her Green racket — book a racket assessment this week.
- RETENTION** Hannah Berg has missed 2 of the last 4 sessions and her trend is down. Suggest a check-in with parents.
- SCHEDULE** 7 sessions today (09:00–19:00). Court 3 double-booked risk at 18:00 — confirm with desk.
- PAYMENTS** 3 lesson packages expire this month; 2 players have an outstanding balance.
- PROGRESS** Performance squad serve-percentage up 6pp over 4 weeks — share the win with players.

[4 racket assessments due](#)

Upcoming · next 7 days [Calendar →](#) **Recent summaries** [All →](#) **Kit needing attention** [Equipment →](#)

HOW TO USE IT

- 1 Read the briefing first — it is written fresh through the day and leads with the one thing worth acting on.
- 2 Tap a tile (This week, Players, Nothing booked, Payments due) to jump straight to it.
- 3 Anything in Needs attention is a player, not a number — click through and it opens their card.
- 4 Use the buttons under your name for the four things you do most: add a booking, record a payment, write a summary, send a message.

WORTH KNOWING

- “Nothing booked” is the quietest way to lose a player. It counts everyone on your roster with no future session.
- A camp that is running or coming up gets its own card, with money collected and still owed.
- The briefing rewrites itself every three hours — hit ⌂ if you want it now.

Session Planner

The plan for each session, and the run-sheet you actually coach from.

The screenshot shows the 'Session Planner' interface. At the top, there's a title 'Session Planner' with an info icon, a '+ New session' button, and a 'Print run-sheet' button. Below the title is a subtitle: 'Everything you need for the session you're about to run — tap a session to load its plan.' There are tabs for 'Overview', 'Today', 'This week', and 'This month'. The main content area is divided into several sections: 'NEXT UP' showing a session for Tom Okafor on Thu 11 with an 'Open' button; 'SESSIONS TODAY' showing 5 sessions; 'THIS WEEK' showing 6 sessions; 'RACKETS DUE' showing 4; and 'PENDING BOOKINGS' showing 2. Below these is a 'NEEDS A PLAN' section with three items: James Whitlock (Fri 12), Cardio Tennis (Sat 13), and Priya Patel (Sat 13), each with a '+ Build session' button. At the bottom is a 'THIS WEEK'S CALENDAR' section, which is a calendar grid showing sessions for the week of Mon 8 to Sun 14. The calendar is synced from the Booking Calendar. Sessions shown include Mia Chen on Thu 11 and Cardio Tennis on Sat 13.

HOW TO USE IT

- 1 Every confirmed booking appears here. Open one and Lumio builds the plan from that player's history.
- 2 Check the run-sheet — the timed blocks add up to the length of the lesson.
- 3 On court, use the buttons at the top: record the lesson, or Finish session when you are done.
- 4 Finish session asks what you actually covered and writes the lesson summary from it.

WORTH KNOWING

- A plan belongs to its booking. Move the session and the plan moves with it.
- Recording the lesson gives you a much richer write-up than ticking boxes — it hears what you said.
- The player sees “what you'll cover” in their app before the session, and their coach note stays private.

Lesson Summaries

Every session written up: what you covered, what to work on, and the homework.

Lesson Summaries ⓘ

What you covered, the key takeaways and the homework — ready to share with players and parents.

TO Tom Okafor 10 Jun 2026 · Private
Second serve — kick & reliability

MC Mia Chen 09 Jun 2026 · Private
First serve fundamentals

HB Hannah Berg 06 Jun 2026 · Private
Topspin forehand shape

LW Leo Whitfield 05 Jun 2026 · Match play
Inside-out forehand & approach

TO Tom Okafor 10 Jun 2026 · 10:30 · 60 min · Court 2 **PRIVATE** ★★★★★

SESSION FOCUS
Second serve — kick & reliability

✓ **WHAT WE COVERED**
Service toss height and consistency (slightly more over the head for kick)
Brushing up the back of the ball 7→1 o'clock for topspin
Targeting the backhand side of the ad court
Live points starting from second serve only

📋 **DRILLS USED**
Spin-only serve ladder (10 in a row)
Target cones — ad-court backhand
Second-serve-only points to 11

⚙️ **KEY TAKEAWAYS**
Kick serve clearing the net by 1m+ — much safer margin
When rushed, toss drifts forward → flatter, riskier serve

🔗 **SKILLS WORKED (RACKET SYSTEM)**
SECOND SERVE (KICK) TOSS & RHYTHM SERVE PLACEMENT

🏠 **HOMEWORK**
Shadow-serve 30 reps/day focusing on the up-and-over brush; film one set.

NEXT SESSION FOCUS
Carry the kick serve into serve+1 forehand patterns.

COACH NOTE (PRIVATE)
Real progress today — confidence on the second ball is the difference-maker for his level. Hold him to the higher toss.

📄 Share with parent Duplicate Export PDF 📄 Share

Coach AI brief from this session

WHAT TO WORK ON NEXT **SUGGESTED NEXT SESSION** 60 min

HOW TO USE IT

- 1 Summaries arrive here from a recording, or from Finish session in the planner.
- 2 Pick one on the left to read it. The short version is at the top — that is what a parent reads.
- 3 Full session detail holds the blow-by-blow when you want it.
- 4 Share with parent sends it; Export PDF prints it.

WORTH KNOWING

- The summary is the single thing players and parents value most — it is the proof the money is doing something.
- Next session focus feeds straight into the next plan, so the work carries forward.
- Record the lesson on your phone and the write-up does itself.

Player Development

Where each player is, what they are working on, and how they are moving.

Player Development i

Track every player's journey — current racket, skill mastery, goals and trajectory.

Getting the ball in the box 6/10 from the baseline — up from

HOW TO USE IT

- 1 Pick a player. The colour is set here — that is what drives their pathway everywhere else.
- 2 Tap the skill bars to grade: four bars is mastered.
- 3 Set targets lets Lumio pick the three things worth working on next.
- 4 The goal can be chosen from the suggestions for their colour, or written yourself.

WORTH KNOWING

- Grading here is what makes Racket Progression work — that module only reads what you set.
- The colour ladder maps to the LTA Youth pathway, so a parent can place their child against something they know.
- Attendance and lessons on this page come from the rest of the portal — nothing to type twice.

Racket Progression

The reward ladder: nine colours, four skills each, and a certificate at every level.

Racket Progression System i

A Kyu-Dan style ranking adapted for tennis. Nine rackets, each unlocking a cluster of skills — earn a racket when every skill is Consistent or better.

Mapped to the LTA Youth pathway. Each racket maps to a stage of the LTA Youth programme — the five official ball-colour stages Blue → Red → Orange → Green → Yellow, then the LTA Youth Compete grades and the performance pathway. The racket is your academy ladder; the LTA stage shown on each racket is the national-framework equivalent.

Lumio is independent and is not affiliated with, endorsed by, or approved by the LTA. "LTA Youth" is a trademark of the Lawn Tennis Association, used here only to describe the equivalent national stage.

Racket Reward System — earn the racket, collect the reward

Every level is a milestone players keep. When a student masters every skill in their racket (Consistent or better), you award them the **coloured racket keyring and matching dampener** for that level plus a **certificate** — with a **full trophy at Black**. A tangible reward that drives motivation and retention.

1 ✓ Complete the level

Every skill Consistent or better

2 🏆 Award the reward

Hand over the keyring, dampener & certificate

3 🎉 Celebrate

A milestone the player keeps

4 🚩 On to the next

New racket, new skills to earn

Black Mastery YELLOW BALL Performance · Regional-National
--	---	--	---	---	---	---	--	--

White racket — Foundations

Ages 5–7 · first racket · Red ball stage

4 SKILLS TO MASTER

HOW TO USE IT

- 1 Players appear here once they have a colour set in Player Development.
- 2 “Ready to award” means every skill at that level is mastered.
- 3 Award the racket, print the certificate, and they move up.
- 4 Choose in Settings whether you supply the rewards yourself or use Lumio’s kit.

WORTH KNOWING

- This is a second income as much as a reward system — parents fund the junior journey.
- It is optional: switch the module off and the rest of the portal carries on without it.
- Grading happens in Player Development. This page only reads it, so the two can never disagree.

ALSO

Optional module. If you don’t run racket rewards, switch it off in

[Settings → Menu visibility](#). Racket prompts then disappear from the dashboard, planner and player app too.

Booking Calendar

Your week across every court — lessons, groups, camps and everything already in your diary.

HOW TO USE IT

- 1 Click any empty slot to add a booking there.
- 2 Send a booking link to let a player pick a free time themselves.
- 3 Connect your calendar in Settings and your own commitments block out automatically.
- 4 Camp days are striped — nothing can be booked over them.

WORTH KNOWING

- Free-slot suggestions honour your Lumio diary and your connected calendar, so you can't double-book yourself.
- A booking sends the confirmation, adds the calendar link and tells the player in their app.
- Bookable hours and the gap you want between lessons come from Settings.

ALSO

Send a **booking link** to let a player choose a free time themselves.

Connect this site's calendar to see which courts are free in real time.
[Connect calendar →](#)

COACHES BASED HERE · 0
 No coaches based here yet.

HOW TO USE IT

- 1 Add venues and courts in Settings → Venues; this page is where you use them.
- 2 Your home base is set at onboarding and you are assigned to it automatically.
- 3 Assistant coaches see the venues they are assigned to.
- 4 Request a court sends a pre-written email to that venue's contact.

WORTH KNOWING

- Court names on bookings match venues here — that is how a player gets the right address and map link.
- Coaches based here comes from the assignment on the Coaches page, not from a name typed twice.

Training Camps

Run a camp end to end: itinerary, kit, attendees, targets, the trip hub and the money.

Training Camps i

Run your camps end to end — bookings, itinerary, targets and finances in one place.

14-day performance camp on Algarve clay. Two on-court sessions a day, video review, fitness and a match-play ladder, with full board at the resort.

DATES	BOOKED	PER HEAD	REVENUE
14 days	13/16	£1,850	£24,050

Overview 14-Day Itinerary Equipment Attendees · 8 Targets Player Packs Finance

Camp at a glance

LOCATION REGION

Financial snapshot

Projected revenue **£24,050**

HOW TO USE IT

- 1 Create the camp with dates and a price, then work across the tabs.
- 2 Coaches says who is travelling — it drives the ratio and the camp message group.
- 3 Attendees is your rooming and payment list.
- 4 Trip hub is what players see in their app: flights, hotel, what to bring, who to ring.

WORTH KNOWING

- Camp days block your calendar automatically, so nobody books a lesson while you are in Spain.
- A camp with dates now appears in your own Google/Outlook/iCloud calendar.
- Messaging the camp reaches every player and every coach on it, in one thread.

ALSO

Tabs: Overview, Itinerary, Equipment, Coaches, Attendees, Targets, Player Packs, Trip hub, Emails, Promote and Finance.

Discord is optional: tick **Discord group chat** under Comms when you create or edit a camp, or press **+ Discord** beside the tabs. It links your academy's own server, so channels, messages and photos flow both ways with the player app.

Player Roster

Everyone you coach, with their level, contacts, consents and welcome pack.

Player Roster ⓘ

Everyone you coach, at a glance.

Filters: All Junior Performance Adult [+ Add player](#)

Player	Level	Age	Progress	Attendance	Next Session	Notes	Action
MC Mia Chen	Junior	Age 9	Orange, 100% to next	96%	Today 09:00	First serve over the net consistently	View →
TO Tom Okafor	Performance	Age 12	Blue, 0% to next	91%	Today 10:30	Reliable kick second serve	View →
AR Ava Romero	Junior	Age 8	Yellow, 100% to next	88%	Today 16:00	Rally 10 balls cross-court	View →
LW Leo Whitfield	Performance	Age 14	Brown, 0% to next	94%	Tomorrow 17:00	Build serve+1 forehand pattern	View →

PP Priya Patel	Adult	Age 38	Green, 0% to next	85%	Sat 11:00	Consistent doubles serve & volley	View →
JW James Whitlock	Junior	Age 10	Orange, 0% to next	90%	Fri 16:30	Backhand volley at the net	View →

HOW TO USE IT

- 1 Add a player once — everything else in the portal refers back to this record.
- 2 Open a card for contact details, consents, medical notes and their history.
- 3 Welcome pack prints a branded starter sheet for a new player.
- 4 The photo, age and parent email matter: they decide who gets emailed and what the app shows.

WORTH KNOWING

- Under-16s: confirmations and summaries go to the parent, never the child. That is driven by the age on this page.
- If a name appears twice, use the merge panel at the top — one person should be one profile.

ALSO

Open a player's card and press **Invite parent** or **Invite player** to send them their app invitation.

Messages

Every conversation with your players — and, for juniors, their parents — in one place.

HOW TO USE IT

- 1 Send a message walks you through who, how and what — then Send as written, or let Lumio tidy it.
- 2 Replies from the app land here as a thread per person.
- 3 Pick Camp as the audience to reach everyone on a trip at once.
- 4 React to a message with an emoji to close it off without typing.

WORTH KNOWING

- In-app is the channel players actually read, and it cannot bounce.
- Email sends from your own mailbox once it is connected, so a parent recognises the sender.

ALSO

For camps, each linked Discord channel appears as its own tab. Reply in the channel you're reading, and the message posts there.

Video & Audio

Record a lesson and turn it into a write-up, or clips a player can watch.

Video & Audio ⓘ

Your recordings library — Lumio Vision clips and session audio, tagged to sessions for review.

Block 2 · serve rep 14

0:18

First serve in

Games · point 6

0:41

Forehand rally win

HOW TO USE IT

- 1 Record on your phone, or upload a file you already have.
- 2 Pick the player first — that is where the summary lands.
- 3 Recorded in sections? Upload them all at once; they become one summary.
- 4 Confirm the clips you want shared before the player sees them.

WORTH KNOWING

- The AI reads what you said, so the summary is your coaching, not a template.
- Long files are compressed automatically — a full hour is fine.

Effort & Rewards

XP and effort levels earned from sessions — the reward layer for how hard they work.

HOW TO USE IT

- 1 Log a session (or the player logs it from their app) with duration and effort.
- 2 Effort, movement and consistency become XP.
- 3 The leaderboard is per squad and can be switched off in Settings.

WORTH KNOWING

- This is separate from Racket Progression: one rewards effort, the other rewards skill.
- No watch needed — a logged session counts.

Equipment & Kit

What kit you own, what needs replacing, and what goes in the bag.

Equipment & Kit i

Everything you need on court — edit stock inline, build your session kits, and let Lumio source the cheapest restock.

Cardio Adult

1 TODAY 2 WEEK 2 PLAYERS 10% UTIL

HOW TO USE IT

- 1 Add a coach, then assign them to venues and players.
- 2 Invite them when you are ready for them to sign in.
- 3 Keep DBS and safeguarding dates here — the portal flags them before they expire.

WORTH KNOWING

- An assistant sees only their own players and venues. Assignment here is what decides that.
- The head coach row is you — your details come from Settings.

PRIVATE

10-lesson private pack

£360 per pack · 10 sessions

Ten 1-hour private lessons — best value for committed players.

- ✓ 10 × 60-min private lessons
- ✓ Racket progress tracking
- ✓ Lesson summary after each session
- ✓ Saves £20 vs pay-as-you-go

PRIVATE

5-lesson private pack

£185 per pack · 5 sessions

A five-lesson block to get started or work on a specific goal.

- ✓ 5 × 60-min private lessons
- ✓ Starting racket assessment
- ✓ Lesson summaries
- ✓ Flexible scheduling

PERFORMANCE

Performance monthly

£240 per month · 12 sessions

Intensive monthly programme for competitive junior players.

- ✓ 12 sessions per month
- ✓ Match-play & tactical work
- ✓ Fitness & movement block
- ✓ Tournament planning

ADULT

Adult 8-lesson block

£280 per pack · 8 sessions

Eight lessons for adult improvers — technique and match craft.

- ✓ 8 × 60-min lessons
- ✓ Cardio & rally fitness option
- ✓ Doubles tactics
- ✓ Evening slots available

GROUP

Junior group — term

£150 per term · 10 sessions

Weekly small-group coaching across a 10-week term.

- ✓ 10 weekly group sessions
- ✓ Max 6 players per court
- ✓ Racket pathway curriculum
- ✓ End-of-term report

CARDIO

Cardio tennis — 6 pack

£60 per pack · 6 sessions

High-energy, music-led tennis fitness — all levels welcome.

- ✓ 6 × 45-min cardio sessions
- ✓ All abilities
- ✓ No booking needed — just turn up
- ✓ Great for fitness

HOW TO USE IT

- 1 Build your price list once; assign a pack to a player.
- 2 Record a payment when money comes in, however it came in.
- 3 Sessions tick down against a pack automatically.

WORTH KNOWING

- Online card payments are on the way. Everything else — balances, chasers, reports — works now.
- Outstanding balances show on your dashboard and in the briefing.

Settings

Your academy, your branding, your modules and how everything sends.

HOW TO USE IT

- 1 Start with your details and your home venue.
- 2 Connect your mailbox and calendar — that is what makes emails and free slots real.
- 3 Turn modules on or off; anything off disappears for you and for your players.
- 4 Section toggles let you hide parts of a page you never use.

WORTH KNOWING

- Settings travel with your account, so your phone and your laptop agree.
- Switching a module off hides it in the player app too, not just here.

ALSO

Connected accounts is where you link Google, Outlook/Microsoft 365 or Apple iCloud. Appearance sets theme and accent colour. Your branded sign-in page lives at lumiosports.com/login/your-academy.
