

Data & GDPR Policy

Player data handling, scouting database, media consent

Ref OFC-LEG-003

Version v2.1

Effective 01 Jan 2026

Owner Club Secretary

Scope

This policy governs how player data, the scouting database and medical records are held. Each category sits under a separate lawful basis under UK GDPR.

Lawful basis

Legitimate interest applies to performance and scouting data; explicit consent applies to media and image use; an occupational-health basis applies to medical records held during employment.

Retention

Scouting records are reviewed annually. Medical records are retained for the statutory period after employment ends and then securely purged.

Subject access

Subject Access Requests are handled by the Club Secretary within 30 days. Erasure is honoured where contractual and statutory obligations allow.

Sample document · Oakridge FC · demo content. This is an illustrative policy generated for the Lumio demo environment and is not a regulatory artefact.
