

Staff Code of Conduct

Professional standards and disciplinary procedures

Ref OFC-HR-001	Version v3.1	Effective 01 Mar 2026	Owner Chief Executive
----------------	--------------	-----------------------	-----------------------

Purpose

This Code sets the professional standards expected of every member of staff at Oakridge FC — coaching, medical, performance, recruitment, academy, operations and commercial. It applies to permanent, casual, matchday and contracted staff alike.

Scope of conduct

Staff must act with integrity at all times. This Code covers conflicts of interest, the acceptance of gifts and hospitality, responsible use of social media, anti-discrimination and inclusion, safeguarding obligations toward players and young people, and the confidentiality of player data and club information.

Disciplinary process

The disciplinary process is graduated — informal resolution, formal warning, then review — with PFA liaison available to staff at every stage. The club commits to fairness, proportionality and a right of appeal.

Review

This Code is reviewed annually by the Chief Executive and the Club Secretary. Last reviewed March 2026.
