

Staff Code of Conduct

Professional standards and disciplinary procedures

Document ref	OWFC-HR-001	Version	3.1
Effective	01 Mar 2026	Next review	01 Mar 2027
Owner	Club Director	Classification	Internal — Controlled

1. Purpose & scope

This Code sets the professional standards expected of every member of staff at Oakridge Women FC — coaching, medical, welfare, performance, operations, commercial and community. It applies to all employees, contractors, volunteers and matchday staff.

2. Standards of conduct

Staff must act with integrity at all times and avoid conflicts of interest. Gifts and hospitality above a nominal value must be declared to the Club Director.

Social media use must protect the confidentiality and dignity of players and colleagues. Anti-discrimination and inclusion obligations apply on and off the pitch.

All staff hold safeguarding obligations and must complete annual EDI and safeguarding training. Player data — medical, welfare and cycle-tracking — is strictly confidential and role-gated.

3. Disciplinary process

The disciplinary process is graduated (informal → formal → review). PFA liaison is available at every stage. The Welfare Lead holds an independent reporting line for any concern raised about staff conduct, including concerns about senior staff.
